

**Anupam Damani, CFA**

**Portfolio Manager, Head of International and Emerging Markets Debt Sector Team  
Nuveen**

Anupam is a portfolio manager for Nuveen’s global fixed income team and heads the international and emerging markets debt sector team, which selects non-U.S. credit securities for all products. She is the lead portfolio manager of the International Bond strategy and co-portfolio manager of the Emerging Markets Debt Strategy and specializes in international sovereign credit, global rates and foreign currency.

Anupam is also a member of the Investment Committee, which discusses and debates investment policy for all global fixed income products.

Previously, Anupam was the sovereign research analyst for central and Eastern Europe, Middle East and Africa regions, lead emerging markets debt trader and portfolio manager for Eurozone Debt. Before joining the firm in 2005, she was an EMD portfolio manager and trader at Citigroup. Anupam began working in the investment industry in 1998. Anupam was ranked one of the 2018 Top 20 female portfolio managers in the United States by Citywire Professional Buyer magazine.

Anupam graduated with a B.A. in Political Science and Economics from Calcutta University in India and an M.B.A. in Financial and Investment Management from Pace University, New York. She holds the CFA designation.
